## A new expression of design

Together with Gunilla Allard HAGS has developed two new park benches in the Plaza range. With the benches Rexbo and Pixbo Gunilla moves outdoors, expressing the design of the public area in a new way.

HAGS strive has always been to create products of the highest quality. By using PrimWood® for Pixbo och Rexbo we take another step in that direction.

Prim Wood® means that a choice of the best pine logs has been sawed in a new way, with up right standing annual rings. Thus, the natural characteristics of the wood is best taken care of. The material is stable in form and less inclined to crack.

The finishing coating and the hot galvanization give as a result the need of a minimum of maintenance.

## TECHNICAL INFORMATION

**Assembly:** Preassembled sektioner.

**Anchoring:** Sunken foundation or free standing.

**Maintenance:** Every season.

**Materials:** Boards of star sawed, clean, finger jointed pine.

Finishing coated black. Sides of warm galvanized square steel profiles 50x50x3mm. Legs of warm galvanized square steel plates and square steel profiles.
